Historical Context and Early Influences Understanding Movement by David necessitates a look into the early influences that shaped its philosophy. The movement emerged in the early 2010s, rooted in the intersection of dance, visual arts, and digital technology. Its founder, David Morales, a former professional dancer turned multimedia artist, sought to create an art form that transcended conventional media. Morales's background in classical ballet, combined with his fascination for emerging digital tools such as motion capture, virtual reality (VR), and augmented reality (AR), set the stage for a new kind of artistic expression.
