Understanding the Causes of the Civil War

The Civil War, fought from 1861 to 1865, was primarily driven by deep-rooted disagreements over slavery, states' rights, and economic differences between the North and South. These tensions culminated

in a national crisis that threatened to tear the country apart.

Key Causes of the Civil War

- Slavery: The most contentious issue, with the Southern economy heavily dependent on enslaved labor and the Northern states increasingly opposing the expansion of slavery into new territories. - States' Rights: Southern states advocated for greater autonomy to make decisions about slavery and other policies, challenging federal authority. - Economic Differences: The industrialized North favored tariffs and a centralized economy, while the agrarian South relied on free trade and slave labor. - Election of Abraham Lincoln: Lincoln's election in 1860, on a platform opposing the spread of slavery, prompted Southern states to secede, fearing the abolition of slavery and loss of political power. - Secession and Formation of the Confederacy: Starting with South Carolina in December 1860, eleven Southern states seceded and formed the Confederate States of America, setting the stage for war.

Understanding the key battles and military strategies provides insight into how the war unfolded and ultimately resulted in Union victory.

Important Battles

American history, it halted Confederate advances into the North. - Battle of Gettysburg (1863): A turning point that ended Confederate hopes of invading the North and boosted Union morale. - Siege of Vicksburg (1863): Gave the Union control of the Mississippi River, splitting the Confederacy. - Battle of Appomattox Court House (1865): Marked the surrender of Confederate General Robert E. Lee, effectively ending the war.

The Reconstruction Era (1865-1877)

Following the Civil War, the United States faced the monumental task of rebuilding the South and integrating newly freed African Americans into society. Reconstruction aimed to address the political, social, and economic legacies of slavery and war.

Goals of Reconstruction
