Key Components of the Model Stock Purchase Agreement

The agreement is typically structured into several critical sections, each serving a specific function in the transaction. Below, we explore each in detail.

3. Purchase and Sale of Shares

This core section details the mechanics of the transaction: - Purchase Price: Specifies the total consideration payable, often including cash, stock, or other assets. - Payment Terms: Outlines how and when payments are made, including escrow arrangements or installment payments. - Adjustment Provisions: Addresses post-closing adjustments based on financial metrics or other criteria. Expert Tip: Including clear payment schedules and conditions minimizes post-closing disputes.

4. Representations and Warranties

These are statements of fact made by both parties, forming the basis of trust and liability allocation.
