What is Real Estate Private Equity?

Unlike publicly traded real estate investment trusts (REITs), REPE investments are typically illiquid, high-net-worth focused, and involve direct ownership or control of properties.

Key Features of Real Estate Private Equity

2. **Active Management:** Investors or fund managers actively oversee property acquisitions, management, and dispositions.
3. **High Return Potential:** Due to leverage, value-add strategies, and

market opportunities, REPE can offer higher returns than traditional investments.

4. **Accredited Investor Requirement:** Typically, these investments require investors to meet certain income or net worth thresholds.
